Why should you choose the Macedonian Community Language School?

The Macedonian Community Language School:

- Is the single largest provider of Macedonian language in Western Australia.
- Is recognised as a Community language provider under the Western Australian Government's Community Languages Program.
- Conducts classes by experienced and qualified teachers.
- Provides syllabus and other course documents developed in collaboration with the Victorian School of Languages. Victoria is responsible for the final Year 12 Victorian Certificate of Education exam as part of the national Collaborative Curriculum and Assessment Framework examination toward ATAR results for university entrance.

- Is a member of the Modern Language Teachers' Association of Western Australia.

Why should my child learn an additional language?

- Access to two languages from an early age facilitates literacy development both in English and in the second language. It greatly benefits their reading and writing skills and contributes to their ability to think and learn.
- ATAR bonus incentive encouraging high standards of student achievement. Year 12 students completing a language other than English automatically receive bonus points for entry to University (currently 10% of raw ATAR score).
- Develop a broader view of the world providing opportunities to experience other cultures.
- Social connections for children to make friends and enjoy learning.

Classes will be held at Balcatta House, 334 Albert Street, Balcatta, Western Australia on Wednesdays from 4.30pm to 6.00pm.

- After school Macedonian language classes will commence Wednesday, 1st February, 2017. All are welcome and background in Macedonian language is not essential.
- The Macedonian Community Language School also offers language classes for adults. For further information please visit www.macedoniawa.com.au and select Language Classes.
