

PARENT INFORMATION NIGHT 2015

On 8 June 2015 parents and children were provided with the opportunity to learn more about the Macedonian Community Language School's processes, meet the teachers and other parents.

Teachers, Breanna Manov, Jovanka Jakovceska and John Ailakis presented on their respective programs and invited parents to participate in some hands on learning with students.

Kathy Lazaridis, Director of the language school, said the night was a wonderful occasion for the school community to come together and meet. "The collaboration between teaching staff, parents and students was motivational and I would like to thank everyone who attended. Our language school is based on strong partnerships with students and their families."

Overview

- Established in 2012
- Largest single provider of Macedonian language in Western Australia
- Aims to provide Macedonian language and culture to all individuals
- Established on strong partnerships with students and their families
